#### HOW PRICING WORKS

- Screen print is priced **per color, per location, per piece** — a 3-color left chest is 3 colors.
- Embroidery is priced **per logo / location, per piece** by size category (Small / Standard / Large) and quantity.
- Add **15%** to screen print for an underbase / white base on dark garments.
- Additional locations price at the same rates for their own color / size.

#### NOTES

- = not offered at that color count / quantity (quoted on request).
- Small-run screen print (under 12) is a **flat charge for the whole order**, not per piece.
- Embroidery has a one-time **digitizing fee** per new logo, quoted separately.
- Garment cost is separate. Art and rush fees quoted as applicable.
